Objective

Entry-level Java Developer with hands-on exposure to Core Java, OOP principles, Spring, and Spring Boot. Seeking a backend-focused role to contribute to scalable application development, RESTful service design, and continuous system improvement within a collaborative team.

Experience

Full Stack Developer Intern

Mar 2024 – Nov 2024

Hummingbyte Technology Pvt Ltd, Nashik, Maharashtra

- Designed REST APIs using Spring Boot following layered architecture.
- Implemented data persistence using Spring Data JPA and PostgreSQL.
- Integrated frontend modules with backend endpoints.
- Improved application stability through debugging and refactoring.
- Collaborated with team members during feature development and testing.

Projects

Abusive Chat Detection System

- Developed a Bi-LSTM based model for text classification.
- Utilized NLP preprocessing techniques for data normalization.
- Integrated trained model with a lightweight web interface.

Backend API Development with Spring Boot

- Created RESTful endpoints supporting CRUD operations.
- Applied exception handling and validation mechanisms.
- Performed API testing using Postman.

Hospital Management Web Application

- Developed modules for patient records, appointments, and billing.
- Implemented responsive UI components using web technologies.
- Managed database interactions for transactional operations.

Technical Skills

Programming Languages: Core Java, C, C++, Python, SQL

Java Fundamentals: OOPs Concepts, Exception Handling, Multithreading, Collections Framework

Frameworks & Technologies: Spring Framework, Spring Boot, RESTful Services, Hibernate (JPA), Microservices

Web Technologies: HTML, CSS, JavaScript, React JS

Databases: MySQL, PostgreSQL

Tools & IDEs: Apache NetBeans, IntelliJ IDEA, Eclipse, Git, Maven

Soft Skills: Problem Solving, Analytical Thinking, Adaptability, Team Collaboration

Education

Bachelor of Engineering – Computer Science Engineering

SPPU University / MET Institute of Engineering

2020 – 2025

CGPA: 7.91/10

HSC (12th), Maharashtra State Board

2020

Percentage: 67.23%

Certifications

- Core Java and Advanced Java
- Data Structures and Algorithms
- Full Stack Developer Certification (2024)
- HTML, CSS, JavaScript, SQL

Declaration

I confirm that the information provided above is accurate and complete to the best of my knowledge.
